The County Council officers are keen to see what can be done to improve the situation and they hope they can address the concerns either by more road signage or by contacting the companies involved to help them understand that they should not be coming through the village.

Unoccupied properties – The owners of the School House say the trees at the front should be removed soon which will allow a trailer and skip to be located in the front for work to be done. 12 Manor Road is still going through legal processes.

The County Connect service is now up and running and the council need to ensure the parishioners are aware of it through the newsletter and minutes.

8. **Report from County Councillor** – Yesterday a bollard was erected on the highway by a parishioner and the County Councillor was made aware of it. He informed the Highways Team and they felt it was very dangerous so came out today and removed it.

The County Council elections have recently taken place and there have been few changes.

Cllr Reynolds would like to remind parishioners that any highway issues including pot holes should be reported on 'fixmystreet'.

9. **Planning decisions received**

11. Parish Plan/Village survey feedback – 55 responses were received. Details of the responses will be made available on the village website shortly and copies were made available at the annual parish meeting.
